Experience

Paper Street Media - Web QA Tester - May 2016 - **present**
Create weekly plans for my team based around our sprint epics and stories. I design and develop test plans for site launches for our team and track defects in JIRA. I've increased our team test time by 40% by integrating test plans and test cases during pre and post deployment.

SkyVerge – Support Specialist - September 2016 - April 2017
Provided support and completed app installs for over 300 ShopStorm merchants. Updated and edited documentation for merchants and created instructional and promo videos our site.

Happy Wine USA - Web Consultant - March 2016 - August 2016
Revamped Happy Wine's eCommerce site by transitioning them Shopify. I maintained their Wordpress blog, increased social by 500 in 3 months and created graphics to promote their products via weekly newsletters.
